D., L. & W. BRANCH.

May Possibly be Built Hetween Tunkhannock and Factoryville.

It is possible that a branch of the Delaware, Lackawanna and Western road may be built from Tunkhannock to Factoryville. Tunkhannock people, encouraged by Scranton merchants. have begun to agitate the matter and a survey will be made. If grade and route are feasible it is probable that the right of way will be secured and the road built with Tunkhannock and Scranton money, the road to be maintained by the Delaware, Lackawanna and Western company.

The distance is about nine miles. The most feasible route is thought to be within two miles of Lake Carey and Lake Winola. The cost would be from \$75,000 to \$100,000. There would be no bridges and no heavy grades.
